

Century®

TGRG

PACKAGED UNITS

**WHEN A SMART CHOICE
IS THE RIGHT ANSWER.**

THE BEST OF EVERYTHING ALL IN ONE.

Efficient energy use. Consistent heating and cooling.
The Century® TGRG Gas/Electric delivers everything you
want in one rugged packaged unit. It's a simple choice to
make and the right one every time.

SOME DECISIONS ARE TOUGH. THIS ONE ISN'T.

When you consider Century® systems, quality and value are givens. You're getting peace of mind with great features and smart designs that squeeze more efficiency out of every energy dollar. And best of all, you get it right now.

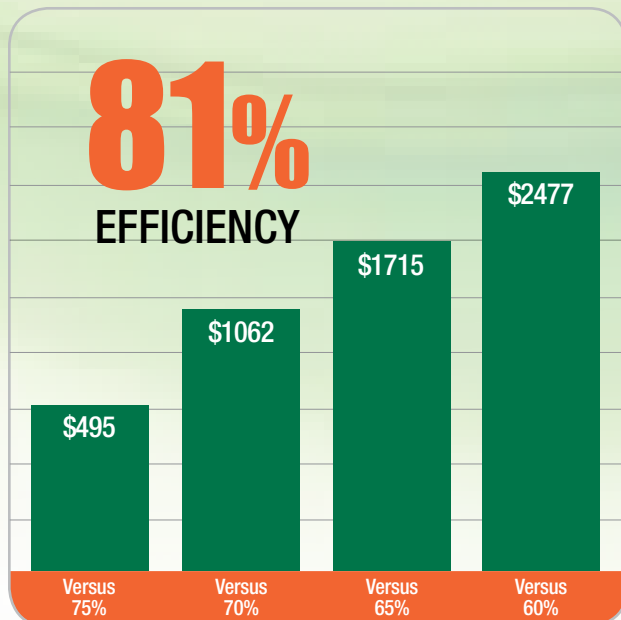

Solutions you can trust.

Choosing the Century® TGRG is a smart choice right now, and for years to come. They're built to last, with durable, aluminized steel heat exchangers, robust wire grills to protect internal components, and heavy-duty compressors that can stand up to even the hottest summers.

Comfort is nothing without efficiency.

Now you can stay comfortable in any weather, while using energy wisely all year long. During the heating season, these units deliver an Annual Fuel Utilization Efficiency (AFUE) of 81%. The TGRG has a cooling Seasonal Energy Efficiency Ratio (SEER) of 14.

Over the years, a hardworking Century® packaged gas heating and electric cooling unit can save you hundreds of dollars on utility bills.

Savings vary depending on use, geography, lifestyle, maintenance, installation and other factors. Chart depicts 5-year savings over less-efficient models.

Peace of mind feels pretty good.

The Century® packaged units are designed to make you feel good in every way. And once you've registered your equipment, you'll enjoy the confidence of a lifetime warranty on the heat exchanger, and a full ten years of protection on the compressor and other parts. So sit back and relax. You have a Century®.

THE FULL-FEATURED CENTURY® PACKAGED UNIT IS THE RIGHT CHOICE, RIGHT NOW.

- 14 SEER and 81% AFUE mean smart savings year after year
- Multi-speed blower motor allows for airspeed to be adjusted for comfort and efficiency
- Weld-free, aluminized steel heat exchanger is designed for long life and durability
- Rugged steel cabinet with wire grille keeps internal components protected
- **Outstanding Extended Warranty Coverage¹** - 20 years on heat exchanger, 10 years on parts. With registration within 60 days of purchase, other limitations apply, see printed warranty for details.

¹Applies to residential applications only. For terms, conditions and exclusions, see full warranty at www.marsdelivers.com.

MAKE THE CENTURY® DECISION YOU WON'T REGRET.

When you think about everything Century® delivers, your decision isn't hard at all. Feel better today. The performance and reliability you want are right here, and ready to go to work. **Century®. It's the right choice. Right now.**

Due to ongoing product improvements, specifications and dimensions are subject to change and correction without notice or incurring obligations. Determining the application and suitability for use of any product is the responsibility of the installer. Additionally, the installer is responsible for verifying dimensional data on the actual product prior to beginning any installation preparations. Third party incentive and rebate programs have precise requirements as to product performance and certification. All products meet applicable regulations in effect on date of manufacture; however, certifications are not necessarily granted for the life of a product. Therefore, it is the responsibility of the applicant to determine whether a specific model qualifies for these incentive/rebate programs.
