KEEP OUT OF REACH OF CHILDREN

Warranty Limited to Replacement of Product Only.

In Emergency Call: 1-800-255-3924 24 Hours

DIRECTIONS: Use 2 to 4 tablets per month for every one (1) ton of air conditioning/refrigeration. Reservoir should be rinsed occasionally for best results. In condensate pans, place tablets so that condensing moisture drips or runs over the tablet(s). This will plate the pan with the active ingredients for prolonged cleaning action. Tablets should be replaced each month.
